## Kindergarten Registration

In June, the Tully Central School District will hold screenings for incoming kindergarten students who reside in the district. If you have not already done so, please register your child(ren) online at <http://www.tullyschools.org>.

To enter kindergarten, children must be 5 years of age by December 1, 2018.

Information about the screening process will be mailed out to enrolled students in mid-May. Please don't hesitate to contact the elementary office at 315-696-6213 if you have specific questions about the registration or screening process.

## Tully Team Wins Academic Decathlon

The Tully High School Academic Decathlon team won the New York State Academic Decathlon Championship held at SUNY College at Brockport on February 23-24, to claim its first overall title in that competition. Our team has been a competitor for the title for many years, but this was its first overall state win. The state title is determined by the highest scoring school, regardless of size, and Tully was one of the smallest schools in the competition. Our team, coached by Mr. Votra, earned the right to compete in the 2018 USAD Nationals on April 19-21 in Frisco, Texas.

The Academic Decathlon is widely considered to be one of the premier academic competitions for high school students in the country, and the level of study is well beyond most high school curriculum. Each team is comprised of two or three each of students ...*continued on page 4...*

## JSHS Musical

The Tully Musical club put on two performances of *Disaster!* on Saturday, March 3rd. This musical, from 2012, follows an ensemble cast aboard a floating casino. The building's lack of safety features and cheap production eventually lead to a plague of disasters, including flooding, fires, swarms of rats, explosions, and shark attacks. A spoof of 1970s disaster films, the show featured an exciting disco/rock soundtrack and plenty of comedy. Zany characters abound, including a disaster expert who happens to be in the right place at the right time, a shady casino owner, a couple reunited after breaking up on their wedding day, and a nun having to face her previous gambling addiction.

Star performances were given by the entire cast. Actors included Ryan Huggins, Marypearl Echard, Ryan Gordona, ...*continued on page 5...*

## Alumni News

This year's **Alumni Event** will be **Saturday, August 18th** at Orchard Vali Golf Club at noon. All classes are encouraged to attend. Those classes being honored end in "8"; and recognized classes end in "3". The Class of 1968 will be the host class. Planning meetings for this year's event begin March 29th. Our April meeting will be the 26th. Both the March & April meetings will be held at the LaFayette Inn at noon. Our meetings of May 31st, June 28th, and August 2nd will be held at Orchard Vali Golf Club at noon. Please call 315-696-4681 if you care to attend any of these, as reservations made ahead are helpful. New input and ideas are welcome. It's also nice to see old friends and acquaintances.

Mark your calendar now and make plans to join the **Tully Class of 1978** to celebrate our 40th class reunion the weekend of **August 17 & 18, 2018**. Invitations will be mailed to fellow classmates in May. A Facebook page for the Tully Class of 1978 40th Class Reunion has been created for this event. Please check it for any ongoing updates or assistance that may be needed in searching for fellow classmates, planning event, invitation mailing and day of event details. For more information, please contact Brenda Bloodgood Zook at (315) 727-3973 or by email at [dutchhilllandscaping@verizon.net](mailto:dutchhilllandscaping@verizon.net) or Karen Sturgen at (315) 396-2318.

## Pre-K News

Learning about light helped to brighten up Pre-K during the month of January! During the "Luminous Light" unit, students learned about the sun, moon, stars and shadows. In one lesson, Mrs. Hendricks' and Mrs. Pickard's classes worked together to answer the question, "What color is light?"

All students started with an observation chart where each student colored using the one color they thought light was. Most students chose yellow, while a few chose orange. After sharing their thinking, students used diffraction circles, "magic glasses" and transparent prisms to discover light can be many colors! Once the experimenting was complete, students used water color and painted on their observation chart using all the colors of light they saw. Students had so much fun and loved the hands-on experience and discovery.

## Grade 3 News: Water Study

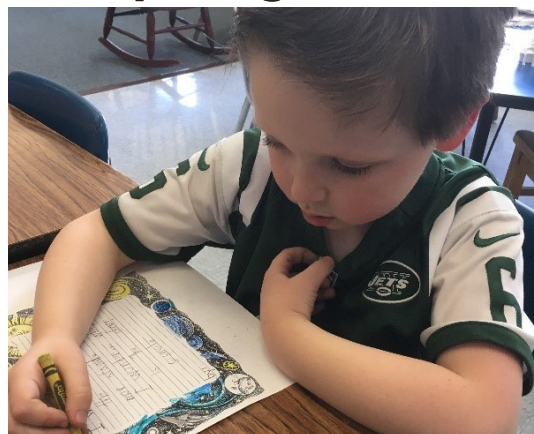

Currently this year in the third-grade classroom, we are learning and researching a multitude of topics and facts pertaining to water and the important roles it plays around the world. Third-grade students have been learning where water is on earth and how it is all connected through one well. Consequently, they are also deepening their understanding of their overall dependence on earth's limited water supply through several informational texts on the topic of water. In examining the water cycle, students will work in the Maker Lab with Mrs. Meldrim, our school librarian, to create water filters that will aim to help in the fight against pollution. In addition, students will also be creating a public service announcement supporting their opinion to educate others of the importance of freshwater.

These young students have shown excitement to learn about all the forms of water, where to find water around the world, and the limited supply available to certain places and people. What an eye opening experience for our students to not only obtain valuable information, but to also be active in helping fight pollution and spreading knowledge to other students.

## First Grade Inquiring Minds

First grade students are beginning the science unit of study, entitled *Patterns in the Sky*. We started off this unit of study by asking students what they wonder about when they think of the sun, moon, stars and Earth. By begin-

ning our unit this way, our students are engaged in inquiry-based learning. With inquiry-based learning, our students actively seek information and answers to their own questions. Our students are highly motivated to find the answers to the questions they have posed, and their natural curiosity leads them to ask more questions!

As we explore the patterns in the sky, some questions students hope to answer include: How does the sun set? How big is Earth? Is the moon hot? What is Earth made of? How do stars glow? How does the Earth move around? How does the moon get small and big?

We will be very busy in first grade, searching for answers to our many questions!

## Yearbook News:

***Students Work Together to Create a Yearbook, Capture Memories to Last a Lifetime***

Sixth grade students are discovering how much is involved in the creation of a yearbook. Fifteen students meet regularly with two advisors to collaborate on the 2017-2018 Tully Elementary School Yearbook. One of their first jobs was to elect officers of the club (president, vice president, secretary, and treasurer) who take on specific responsibilities to help the club run well.

All members of the club learn the importance of setting a meeting agenda, recording minutes, arriving at decisions through consensus, and meeting deadlines. Meeting after school, during activity period, allows the opportunity to develop a sales and advertising plan, use software to design the pages, and discuss the progress of the yearbook. Club members shared what a great educational experience it is to be able to learn and use the software to design the pages. They enjoy capturing memories through the use of candid pictures. The group looks forward to distributing the yearbook in June. "It is our hope that students can look back on the year through their yearbook," said Brynn Patrick, President of the Elementary School Yearbook Club.

## NYS Assessment Information

### *A message from the TES & JSHS Principals*

From April 10 - 17, 2018, Tully students in grades 3 - 8 will take the NYS English Language Arts (ELA) Assessment. The Math Assessments will be given May 1st - May 8th. We encourage all students to participate in the state assessments to help us improve our program and best meet the learning needs of individual students. This month, we would like to provide more information about the composition of the ELA Assessment as well as introduce computer-based-testing.

The ELA Assessment is designed to be administered over two consecutive days and includes three types of questions: multiple choice, short-response, and extended-response. Multiple choice questions are used to gauge reading comprehension. Short-response questions require short written responses to reading passages, while extended-response questions require longer responses to the reading selections. These reading selections may come from a variety of grade-level appropriate sources, including novels, articles, poems, and first-hand accounts. All three question types assess student achievement of reading comprehension and language conventions, and the written responses provide for measuring the achievement of writing standards. There is no time limit to complete any session of the test. Teachers have modeled their local assessments after the state assessments to reflect these types of questions, so our students are comfortable with the design of these exams and the performance expectations.

At Tully this year all students will take both the ELA and Math assessments in the computer-based-testing format (CBT). Last school year, students in grades 3 and 7 completed their assessments using CBT and it was a smooth administration, prompting us to utilize it for all students in 2018. The content tested is the same as the paper-based versions and we are helping students prepare for the experience by providing additional time during the school day to work with the Chromebooks and become familiar with the layout of the assessments. The testing schedule will be as follows:

Grades	ELA	Math
3 & 4	April 10 & 11	May 1 & 2
5 & 6	April 12 & 13	May 3 & 4
7 & 8	April 16 & 17	May 7 & 8
Make-ups (All Grades)	April 13 - April 20	May 4 - May 11

We are excited to see how our students perform on this year's assessments. Again, if you have any questions or concerns about assessments at Tully, or you wish to receive additional information, please contact your child's counselor, teacher, or principal.

*Sincerely, Mr. Edward Kupiec, ES Principal*

## ATHLETIC NEWS

### 2014 Graduate Internship

The Tully Basketball Program received some unexpected assistance this winter when 2014 Tully graduate, Dan Goodbread, a 2 year starting point guard for the Black Knights, spent his Christmas Break completing his internship for his Sports Management program he is enrolled in at SUNY Fredonia. Dan came to JV and Varsity boys basketball practices and games over his six week break helping the teams with filming, scouting, film analysis and learning the in's and out's of coaching basketball at his alma mater. The staff was highly impressed with his ability to fit in and make a positive impact on the program in such a short time. Dan got a "behind the scenes" look at how we do things as coaches here at Tully.

Currently, Dan is a Senior at SUNY Fredonia and is majoring in Sports Management. Dan is starting his fourth year of playing collegiate baseball and is the starting 3rd baseman for the Blue Devils. The coaching staff and Athletic department at Tully wishes Dan all the best as he completes his degree and with his upcoming baseball season. We are very appreciative of his efforts during his internship and proud of what Dan has accomplished in his years after graduating from Tully! It's always great to see our Black Knight graduates being successful out in the world!

### Athletic Update

The Tully Winter Athletic programs just completed extremely successful seasons! Competitively, the Black Knights won Patriot League Championships in the sports of volleyball, girls basketball, boys basketball and girls indoor track. In post-season competition, the Black Knights won Sectional Championships in girls indoor track, boys indoor track and in boys basketball.

in the classroom, our Black Knight student/athletes excelled as well. Our varsity winter teams of girls indoor track, girls basketball and volleyball earned the honor of NYSPHSAA Scholar Athlete Teams. In order to be recognized by New York State as a Scholar Athlete Team your team has to have 75% of its roster have a GPA of 90 or higher!

Congratulations to our winter teams for their impressive success on the courts of competition and for their dedication to academic excellence!

## Tully Team Wins Academic Decathlon ...continued from page one...

with A averages (Honors division), with B averages (Scholastic division), and with C averages (Varsity division) who compete against participants in other schools from within their respective divisions. The United States Academic Decathlon establishes a yearly theme for the competition, which is made up of 10 academic events: math, science, economics, literature, music, art, social science, speech, interview and essay writing. This year's theme was Africa, and the topics of all of the written academic tests related to that area. Awards are set on an Olympic model, where gold, silver, and bronze medals are awarded in each category for each grade point division. Each student competes for individual medals and their total scores count for the team total.

Our team consists of Rachel Berry, Daniel Bort, Peyton Wolf, Gerrit VanDyne, Ryan Gordona, Joanna Case, Marypearl Echard, and Ryan Huggins. The team collected a total of 30 medals out of the total possible 90 medals available to win in the tournament. Medal winners for Tully were: Joanna Case who medaled in 9 of the 10 subjects (3 gold, 3 silver, 3 bronze), Peyton Wolf (5 silver), Marypearl Echard (1 gold, 2 silver, 3 bronze), Daniel Bort (2 gold, 1 bronze), Ryan Huggins (3 silver), Ryan Gordona (1 gold, 1 silver, 1 bronze), Rachel Berry (1 silver), Gerrit VanDyne (1 silver). Alternate members of the Tully team (Moirá McAninch, Haley Fowler-Conner, Matt Doolittle, Caitlin Halliday, Austin Taubman, and Madalynn Wiers) competed for alternate medals against the opponents' alternates. Moira McAninch won three alternate medals, while Haley Fowler-Conner won two and Matt Doolittle won one.

In addition to winning the state title and more than one-third of the total medals, Peyton Wolf was recognized by winning the Trevor Cook Spirit Trophy, so named for a former medal-winning competitor from Lyndonville, NY who lost his life in service to our country.

### Senior Spotlight - OLIVIA KROM

**Family:** Father- Terry, Mother- Teri, Brother- Austin .

**What has been the best part of your high school career and why?** The best part of my high school career has been my two seasons on the varsity volleyball team. I have been lucky enough to be a part of two undefeated seasons which shows our perseverance as a team and our unwavering will to win.

**What have you learned by the activities you have participated in outside of school?**

Through volunteer work with my Dad, Captain Krom, and the City of Syracuse Fire Department, I have not only learned the importance of dedication and hard work, I have also gained a greater appreciation for the courageous men and women who work to better our city on a daily basis.

**What are your plans after high school?** I plan to attend Keuka College to study Psychology with a concentration in Forensics.

**If you could invite two or three people to dinner, who would they be and what would you talk about?** I would invite my late grandparents so we could have one last family dinner together. I would also invite Katherine Johnson, one of the first African-American female physicists at NASA, to discuss all of the barriers she was able to break on her amazing journey to success.

**What challenges have you faced and how have you overcome them?** The biggest challenge I have faced in high school has been balancing my friends. I have a diverse group of friends, so it can be challenging at times to understand that not all of my friends will get along with each other or be on the same level of commitment as I am.

**Who's your hero and why?** My heroes are my parents. They have selflessly sacrificed for me time and time again. My parents have taught me to be true to myself and always do what's right. I am the person I am today because of them. I will never be able to thank them enough for all that they have done for me.

### Senior Spotlight - THOMAS B. MORSE

**Family:** Dad- Gregg, Mom- Jayne, Brothers- Daniel and Patrick.

**What has been the best part of your high school career and why?** The best part of my high school career was being able to compete for sectional title in football and basketball in the Carrier Dome.

**What is your proudest moment in high school so far?** My proudest moment has been being inducted into National Honor Society. Having a high average while being a three sport athlete is both challenging and rewarding.

**What are your plans after high school?** My plan after high school is to attend Morrisville State College to study agricultural business and play football.

**If you could invite two or three people to dinner, who would they be and what would you talk about?** Two people I would invite to dinner are President Donald Trump and former President Ronald Reagan. I would like to discuss their policies on how to make the United States the strongest nation in the world. The third person I would invite to dinner is John Deere, an agricultural icon in farm equipment. I would like to discuss how his inventions created the foundation for modern day agriculture.

**What challenges have you faced and how have you overcome them?** A challenge that I faced was not being built like a typical athlete. My large stature did not make sports easy for me. Believing in the quote by J.J. Watt, "Success isn't owed, it's leased. And rent is due everyday" has made me a successful athlete. Not only am I a three sport athlete at Tully, but I am continuing my challenges – athletic career at the collegiate level.

**Who's your hero and why?** My hero is my Mom because she has been there for me when I needed her, she has been my number one supporter for any extracurricular or academic event, and she has been my role model on how to be successful. She has made me the person that I am today and I love her very much.

## JSHS Musical *...continued from page one...*

Allison Kolodziejczyk, Geritt Van Dyne, Marissa Scalza, Katie Mulroy-Francey, Natalie Slazik, Bailey Albro, Maddy Wiers, Nicole Ball, Zack Ebert, Peyton Wolf, Heather Lipsky, Emily Cox, Anna Moss, and Ellie Ives. Eleven seniors were involved in the production, and the entire drama department wishes them the best of luck in all their future endeavors!

## Article Submission Guidelines

Material is subject to editing. The district has the final decision whether or not to publish an article. If you have any questions, please call (315) 696-6204.

If you would like to submit an article, please email articles to Mary Fisher at the Tully Central School District Office at [mfisher@tullyschools.org](mailto:mfisher@tullyschools.org). It is requested that all articles be emailed in Word format whenever possible. Please do not capitalize all the words in the article.

Please do not insert or embed a picture within the actual Word article. **Pictures should be emailed in JPG format at 300 dpi.**

## Nominating Petitions

Three terms of office on the Tully Central School District Board of Education will expire on June 30, 2018. Each winner will be elected for three year terms from July 1, 2018 through June 30, 2021 at the annual school district election to be held on May 15, 2018.

Board of Education vacancies are not considered to be separate specific offices. This nominating petition does not describe a specific vacancy. Each candidate is considered for a vacant seat on the Board of Education as a whole and not as only to a specific office presently held by an individual.

Candidates may be nominated only by petition. Each nominating petition must be filed with the School District Clerk, Tully Central School District Offices, 20 State St, Tully, NY 13159 no later than 5:00 pm on April 16, 2018. Each nominating petition must state the name and residence of the candidate and be signed by at least 25 qualified voters of the school district. Each person signing must also state his or her residence. It is good practice to obtain more than 25 signatures.

Under the law a qualified voter is one who is entitled to vote at a school district election. To be entitled to vote a person must meet these three qualifications:

- **A citizen of the US**
- **At least 18 years of age**
- **A resident of the school district for a period of at least 30 days prior to the election.**

Nominating petitions are now available. If you would like a nominating petition, please contact the district office at (315) 696-6204 or email [mfisher@tullyschools.org](mailto:mfisher@tullyschools.org)

## From the Superintendent

On April 3rd, our Board of Education will adopt a proposed 2018-19 school budget. Built into this proposed school budget is funding to support a second full-time agriculture teacher at the JSHS, and funding to support a Capital Outlay Project. This proposed budget maintains the school district's reliance on fund balance at less than 2% of budgeted revenue, and keeps the local tax levy increase at approximately 2%.

Currently, we employ one full-time agriculture teacher. If the Tully community approves the 2018-19 school budget, we will eliminate our current part-time family and consumer science teaching position, and hire a second full-time agriculture teacher. In the spring of 2017, the New York State Board of Regents changed regulations related to the middle level family and consumer science curriculum. This change allows school districts to teach the family and consumer science curriculum through the lens of agricultural education. For Tully

Schools, this means we have an opportunity to build upon one of our strengths, specifically agricultural education.

A Capital Outlay Project is a capital improvement to our facility, with total costs of under \$100,000. Funding for a Capital Outlay Project must initially come from a school district's operating budget (i.e.: the proposed 2018-19 school budget). Schools then receive New York State building aid on this expense in the following school year. At our current building aid reimbursement level, New York State would reimburse Tully schools for approximately 75% of this capital expenditure during the 2019-20 school year. Should the Tully community approve the 2018-19 school budget, we anticipate undertaking a Capital Outlay Project to replace part of the HVAC system at the JSHS. The HVAC equipment we are looking to replace is approximately 40 years old, and at the end of its useful life. The work included in this proposed Capital Outlay Project falls outside of the scope of our larger 2018 Capital Project. This work would most likely be completed during the spring of 2019.

Finally, the proposed 2017-18 school budget calls for a local tax levy increase of approximately 2%. We anticipate that State Aid will remain flat from year to year. Since the proposed 2018-19 school budget calls for approximately a 1% increase in spending, any increase in State Aid would be used to reduce reliance on appropriated fund balance (savings).

Please note, our annual Public Budget Hearing is scheduled for Tuesday, May 8th, beginning at 6:00 pm, in the JSHS library. The Public Budget Hearing is an opportunity for members of our community to learn more about the proposed 2018-19 school budget, and to ask questions regarding this proposed budget.

Additionally, you may contact me directly if you would like (696-6204 or rhughes@tullyschools.org).

**Robert Hughes, Superintendent of Schools**

## Board of Education Meeting Dates

Meetings in Junior Senior High School library at 6:00 p.m. Date, time and location subject to change and additional special meetings to be scheduled as needed. Check the school website for updates.

**Tuesday, April 3, 2018** in addition, 5:00 p.m. pre-k lottery

**Monday, April 16, 2018** in addition, BOCES Board Vote and BOCES budget

**Tuesday, May 8, 2018** includes budget public hearing

**Tuesday, May 15, 2018** in addition, budget vote 6 a.m. to 9 p.m.

**Tuesday, June 19, 2018**

## School Budget Presentations

**Mon, May 7 at 7:00 p.m.**

Tully Fire Department, 1 Railroad St, Tully

**Weds, May 9 at 7:30 p.m.**

Town of Tully Board meeting, Tully Municipal Building,  
5833 Meetinghouse Road, Tully

**Thurs, May 10 at 7:00 a.m.**

Tully Rotary meeting, Tully United Community Church,  
5872 Meetinghouse Road, Tully

**Mon, May 14 at 7:30 p.m.** Town of Otisco Board meeting, Town Hall, 1924 Barker Street, Tully

Check the school website for updates for school budget presentations or call the district office 696-6204.

## Fitness Center Open to Tully Residents

The Tully Central School District Fitness Center, located in the High School athletic wing, is open to Tully residents Monday – Friday, 4:30-7pm. Children under age 12 are not allowed.

The Fitness Center is closed on holidays and snow days, or when after school activities are cancelled for weather reasons. The gyms and indoor track are not available for use during the designated Fitness Room hours.

## Tully Parks and Recreation

Green Lake Beach will open on Sunday, June 24, 2018. Free Swim is from 1:00-8:00 pm daily. All families will need to register prior to using the beach.

**Swim lessons** will start on Monday, July 2, 2018.

Level 1 – Introduction to Water Skills – Age: 3-4+.

Level 2 – Fundamental Aquatic Skills – Age: 4-5+.

Level 3 – Stroke Development – Age: 5-6+.

Level 4 – Stroke Improvement – Age: 7+.

Level 5 – Stroke Refinement – Age: 8+.

Level 6 – Swimming & Skill Proficiency – Ages: 9-11

A more detailed description of each level can be found at: <http://www.safeswim.com/red-cross-swim-lesson-levels>.

Family registrations as well as swim lesson registrations will be available on the Tully Schools website after May 1st ([www.tully-schools.org](http://www.tully-schools.org) Community/Parks and Rec).

### YOUTH FOOTBALL

Season begins August 13

**REGISTRATION:** In **Fabius** on April 7 from 9-11 a.m. at the Fabius Indoor Fitness Center. In **Tully** on May 19 from 9-11 a.m. at Tully Town Hall. Or, go online at [www.shstormfootball.com](http://www.shstormfootball.com)

<b>Flag Football:</b>	Grades K-2 (not tackle) by 5/31 \$25 and after 5/31 is \$30.
<b>Cheer:</b>	Grades 2-7 by 5/31 \$55 and after 5/31 is \$65.
<b>Junior Tackle:</b>	Grades 3-4 by 5/31 \$80 and after 5/31 is \$95.
<b>Senior Tackle:</b>	Grades 5-6 by 5/31 \$80 and after 5/31 is \$95.

Coaches needed at all levels. Contact us for information regarding scholarships. **For more information, contact Steve Pierce at 315-575-0728.**

Sponsored by Tully 1st & 10 Club

## Tully Free Library

12 State Street • [tullyfreelibrary.org](http://tullyfreelibrary.org)  
315-696-8606

**Full STEAM Ahead:** The Spring semester of free after school enrichment classes for K - 12th grades continues through early June. There may still be spots available, so check with us if your child is interested in attending. Call or stop in, or visit [tullyfreelibrary.org/full-steam-ahead](http://tullyfreelibrary.org/full-steam-ahead) for more information.

**Annual Community School Board Candidates Night at the Tully Free Library building - Monday, April 30, 2018 at 6:00 p.m.**

**Chess Club** is now all-ages! Saturdays from 11 AM to 1 PM. Chess Club has evolved into a family program. Open to players of all ages and abilities. Join us for skill-building each week and monthly tournaments. Learn tips and tricks and compete with other chess lovers. Eric Godiers will be teaching beginners and coaching those who already play the game. Families welcome!

### Babies & Kids Events and Resources:

**The Science Fair** for grades K - 6 has been rescheduled to Saturday, April 7. It will be open to the public from 3 - 4 PM. Join us to see the exciting experiments of the young scientists in our community!

**Terrific Tuesdays** after school crafts & snacks now every Tuesday from 2:45 - 4 PM. This program is for elementary-aged kids. Please register online or by phone so we have enough supplies.

**Tykes Time** Storytime for babies and toddlers (up to age 3) on Wednesdays from 10:30 - 11:30 AM.

### Teen Events (5th-12th grades):

Check out our events calendar for special monthly events like **Magic: The Gathering** tournaments sponsored by TCGplayer and Murder Mystery Nights.

**Youth Advisory Council** is made up of teens in grades 6-12 who help pick books for the teen collection, do fun activities, and plan programs for both teens and kids. We have monthly meetings. The next one is Monday, April 9 from 5-6 PM. There is always PIZZA!

**Teen Movie Club: The Classics.** Mondays from 3:30 - 5:15. Maybe you're a film fanatic and love classic films, or have never seen a movie from the early days of film and wonder what's so great about them...well, wonder no more! All are welcome to join us for classic movies and fun trivia.

**Duel Club** every Wednesday from 3:30 - 5. Learn how to play new dueling card games or compete against your friends in battle! You can bring your own cards or we have decks you can use. You can play Pokemon, Yu Gi Oh, Magic, or any other duel club cards you have. All ages. No signup required.

**Board Game Club** every Thursday at 3:30. Play new and classic board games! No signup required.

**Wii Tournament Day** every Friday at 4 PM. No signup required.  
**The Tully Free Library is located at 12 State Street (near Tully Elem) and is open Monday - Friday from 10 AM to 7 PM.**  
**Saturdays we are open from 10 AM - 2 PM; closed Sundays.**  
**We hope to see you soon!**
