Director of Student Support Services

September 3, 2019

Dear Tully Community Members,

I am writing to invite you to attend a Capital Project Public Forum, scheduled for Monday, September 9, 2019, in the Junior/Senior High School Auditorium, beginning at 7:00pm. The purpose for this Public Forum is:

- To provide an update on the status of our 2018 Capital Project.
- To share information about our proposed 2022 Capital Project.
- To allow members of the Tully Community to share questions, comments, or concerns regarding any of the capital improvements being made to our school campus.

Additionally, immediately prior to this Public Forum from 6:30-7:00pm, the main office areas at the Elementary School and the Junior/Senior High School will be open to the public. Our building principals will be available in these areas, at that time, to discuss renovations made on our school campus.

Finally, during the month of September we anticipate that the following Capital Project related work will occur:

- Installation of new heating and ventilation systems in the District Office and Business Office in the 1930's portion of the Elementary School.
- Demolition of the remaining parts of the old heating system in the Elementary School mechanical room.
- Installing cabinets and casework in the Junior/Senior High School library.
- Final steps in the installation of the new Junior/Senior High School fire alarm system.

Please note:

- Most construction related activity will occur during second shift, in areas that will be closed to the public.
- Any first shift work will occur in areas that are off limits to the public (such as the Elementary School mechanical room.)
- All work related to the 2018 Capital Project should be completed by October 31st.

I will be posting another letter to the community at the end of September, to provide a final update on our 2018 Capital Project. I look forward to seeing you on September 9th.

Sincerely,

Robert J. Hughes
Superintendent of Schools
