Attendance

- ▶ If a student must be absent, parents/guardians must notify the school. Please call the school attendance office (315.696.6245), utilize Parent Square, or email jshs.attendance@tullyschoools.org, stating the reason for the absence and the date of the absence. Upon returning to school, *all students must have a Parent Square note or a written note from his/her parent/guardian*, giving the student's name, specific date(s) of absence, and specific reason for the absence.

Attendance continued

- ▶ We want to highlight the importance of strong school attendance and take this opportunity to discuss with all families the importance of staying engaged, arriving at school on time, and attending school daily when well. Many studies have shown that students who are chronically absent from school (students who miss 10% of school days) are significantly more likely to have struggles in school and be less connected with the school community. During our first day of grade-level assemblies, the importance of good attendance and developing positive connections in school was emphasized with our students. It is our goal to have every student involved and feel part of our school community, and attendance is a critical factor in reaching this goal.

Attendance continued

- ▶ Students who become chronically absent will receive notification from the school of this fact, and we will reach out to support those students and their families. Additionally, the school will require documentation (a doctor's note or other notice of legal excuse) for the absence to be considered legal. Students who arrive at school after 9:30 a.m. or who are chronically tardy (10% of school days) will also need documentation to participate in extracurricular activities on the days they are tardy. If at any time families need support with student attendance, please contact me in the main office at 315.696.6235 or the counseling and career center at 315.696.6240.

Returning from an absence

- ▶ Missed Work/Make-Ups
 - ▶ It is the responsibility of the student to initiate the make-up process with his/her teachers when work is missed due to absence, tardiness, field trips, or other dismissals during the school day. Students are responsible for checking-in with their teachers within 24 hours of their return to school. Failure to do so may result in credit not being awarded for assignments or other coursework.

HAVE A GREAT YEAR!!!!!!!

- ▶ We are here to help!
- ▶ Reach out if you need anything!
- ▶ Presentation will be posted!
