OUR SCHOOLS

The Tully Central School District prides itself on being one of the last remaining community school districts in New York State and the focal point of the Tully area. The district has many unique attributes and accomplishments that sets it apart from other districts in the area. Highlights of these attributes include:

-  Extensive participation in extra and co-curricular activities – 86% of our students participate in some type of activity such as drama club, sports teams, student council, band, chorus, or Campus Wide Dialogue, a collaboration with Syracuse City Schools.
-  Significant participation in a number of Onondaga Community College and Tompkins Cortland Community College credit-bearing classes, as well as Career & Technical Education programs.
-  A comprehensive preschool program, an inclusive full continuum Special Education program, Maker Lab and several intramurals available.
-  Unique community programs such as the Youth Advisory Committee at Tully Free Library and the Tully After School Program (TASP) housed at the elementary school.
-  A rich tradition in athletics. The Black Knights are highly respected in a variety of sports. On top of annual league championships, sectional championships, and several state championships achieved over the years, our varsity teams, comprised of over 50% of the student body, qualify as scholar athlete teams each season. In addition, Tully has a tremendously gifted coaching staff and a very supportive community.
