School Business Administrator

CRISTY BOBBETT
Director of Student Support Services

June 28, 2022

Dear Tully School Community,

Yesterday our Board of Education appointed Michael J. Hoose as Interim Superintendent of Schools, effective July 1, 2022. Mr. Hoose comes to Tully Schools with many years' experience as a school superintendent, most recently with the Cortland City School District. Mr. Hoose also has experience in construction management, which is important given that we are in the middle of construction related to our 2022 Capital project.

Yesterday our Board of Education also officially appointed Dr. Matthew Cook as the search consultant to lead the search for the next permanent Tully Schools Superintendent. Dr. Cook is currently the OCM BOCES District Superintendent. He began working with our Board on this search process earlier in June.

We have wonderful students and supportive families here at Tully Schools. We have an excellent faculty, staff and administration. Going forward I am confident that Mr. Hoose will be able to keep the district moving forward in a positive direction. I am also confident that the next Tully Schools Superintendent will be able to build on the solid educational foundation that is currently in place.

Congratulations to our recent graduates!

Have a safe and enjoyable summer.

Sincerely,

Robert J. Hughes

Robert J. Hughes
Superintendent of Schools
