May 15, 2023

Dear Neighbors, Parents, Guardians, and School Employees:

Pursuant to State Education Law Section 409-H, this notice is to inform you of a pending pesticide application to the Tully Central School District facilities and grounds. You may wish to discuss with Jerry Bishop, our designated school representative, what precautions are being taken to protect your child from exposure to these pesticides.

Further information about the product(s) being applied, including any warnings that may appear on the label of the pesticide(s) that are pertinent to the protection of humans, animals, or the environment, can be obtained by calling the National Pesticide Information Center (NPIC) at 800/858-7378 or e-mail npic@ace.orst.edu or visit the New York State Department of Health, Division of Health and Safety at <https://www.health.ny.gov/environmental/>.

Required Information	Information Details
Application Date	May 26, 2023; rain date June 2, 2023
Application Location	Perimeter fence lines, building perimeters, all lawns excluding Elementary State Street side and excluding entrance to playground.
Product to be Used	Triplet SF 228-312

Pesticide Applications Exempt from 48-hour Notification Requirements

- Antimicrobial products as defined by the Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA) in 7 US Code §136 (mm) and 136q(h)(2)
- Aerosol products with a directed spray, in containers of 18-fluid ounces or less used to protect individuals from an imminent threat from stinging and biting insects, including venomous spiders, bees, wasps and hornets. **Fogger products or aerosol products that discharge to a wide area are not exempt.**
- Nonvolatile rodenticides in tamper resistant bait stations or in areas inaccessible to children
- Silica gels and other nonvolatile ready-to-use, paste, foam or gel formulations of insecticides in areas inaccessible to children.
- Nonvolatile insecticidal baits in tamper resistant bait stations or in areas inaccessible to children
- Pesticides classified as "exempt" from registration by the US EPA under 40 CFR Part 152.25
- Products containing boric acid or disodium octaborate tetrahydrate.
- Pesticides, including biopesticides, which the EPA has determined satisfies its reduced risk criteria
- Any pesticide application where the school or day care facility has been unoccupied for a continuous 72-hour period following the application.

Please feel free to contact Tully Central School District pesticide representative at: jerry.bishop@k12.tullyschools.org or by phone at 315-696-6218 for further information on these requirements, including information on products that are scheduled to be applied in this school.
