

Summer 2022

Welcome to 5th Grade!

We're excited you'll be joining us in September. Together with your teachers and classmates, you will travel the world, read great books, all while you work as mathematicians, scientists, and writers to understand how your actions impact the world.

In order to be ready for this adventure, you will need to be prepared with the following items **when school starts**:

publ@dominican.org

- Two - 1-subject spiral notebooks
- One - 1" plastic binder (NO zippers or Trapper Keepers)

***Note:** The binder will serve as a portfolio. Do **not** set up at home. Thank you!

- One - pack of 5 binder divider tabs
- One - heavy-duty, plastic two-pocket folder
- One - pair of scissors
- One - cloth, zippered pencil pouch to carry supplies
- One - handheld pencil sharpener (container type to hold shavings)
- One - pair of headphones/earbuds (*Reasonably sized*)

***Note:** Students must have, carry and keep at school.

We encourage you to bring a **water bottle** & small **snack** each day. **Store** **bought birthday treats** are always welcome. If a **birthday** falls on a **weekend** **or over a break**, please check in with the **homeroom teacher**.

T.E.S. will provide: dry erase markers, glue sticks, pencils, paper, folders, colored pencils, and tissues.

We hope that you will rest and recharge this summer, spending some time each day reading, journaling, practicing multiplication/division facts, participating in as many outdoor activities and library visits as your family's schedule allows. Doing so will keep your mind and body moving and can provide opportunities for developing new interests. Looking forward to seeing you in September!

The Fifth Grade Team,
Mrs. Jaworski, Mrs. Pickard, Mrs. Schult & Mrs. Konefal
